To all association members, interested persons and Swiss living in Fiji

21 July 2004

Swiss National Day Invitation – cocktail and/or Swiss dining

Bula, Grüezi and Hi everyone

Isa, it has been a long while since our last meeting in October last year.

Since then the elected association council has never met. This is unfortunate but on the other hand we were waiting for a very long time for the official recognition as industrial association from the Ministry of Labour and Industrial Relations.

We finally got now the official recognition paper!

As you may be aware, next week on Sunday is the 1st August, the Swiss National Day.

I think it would be nice if we all could come together for at least a cocktail at InfoTECH's office in 119 Amy Street, Suva (opposite Suva Private Hospital in Toorak).

Please let me know as soon as possible if you could attend such a function and what time you would prefer (2pm or 5pm). During the function we also could hold our annual meeting and elect a new association council.

And one more question: if enough people would attend, we can also ask Daniel Bucher, a Swiss and General Manager of the Holiday Inn, to draw up a menu plan for either lunch or dinner with some authentic Swiss food. So please also let me know if you would attend such a Swiss dining event, if you would prefer lunch or dinner, and with how many people.

Looking forward to your early answers.

Best regards

PS: The members that have send us the membership form together with a cheque will have noted that we did not cash it. The simple reason: we still have no bank account yet. But with a new association council a bank account could be easily opened now that we have all the papers ready.

PS2: You may receive this mail even if you are not (yet?) a member of our association but are listed as a Swiss living in Fiji. You are also cordially invited for the cocktail and the dining function. Please also reply to above two questions.

Daniel Zender
General Secretary
